Events & Activities

Scholarship Recipient

by Sheryl Puckett

Since 2013 the Bayview Community Council has been awarding a scholarship to anyone who lives in a 6 mile radius of Bayview and plans to attend an educational institution.

This year we received two applicants for the 2022 Scholarship Award. Both were very

deserving and made choosing very difficult. Four judges, Marlys Blagden, Sheryl Puckett, Alyssa McWilliams and Ski Wilkuski based their decision from a grading system that included a broad range of skills and attributes.

We are pleased to announce this years \$500 scholarship recipient, **Day-Lin Jones**. Day-Lin is a resident of Bayview. "I absolutely adore everything about this town . . ." is the opening sentence on her application.

Her academic accomplishments include high honor roll every year since elementary school, enrolled AP classes, as well as taking college English and Communication 101 in her senior year. She is also involved in many school activities: 4 years softball, class vice president, ASB secretary and social media coordinator.

Day-Lin writes, "One of the biggest accomplishments in my life was being invited to the Global Leadership Summit. Only 100 students around the United States were invited to the camp that took place in Canada."

Casi Lupinacci is a school counselor at Timberlake High School and she says the following about Day-Lin, "Day-Lin is a leader in every sense of the word. She is very well liked and respected by her classmates, peers and by the staff at Timberlake High School. I believe she has a very promising and bright future ahead of her." Jamie Soumas is an Administrative Assistant at Timberlake High and she says, "Day-Lin is talented, intuitive, dedicated and focused on her pursuits. She is truly a standout who will impress everyone she meets."

Both her parents and grandmother, Cathy Jones, live in Bayview. Her grandmother is only a block away and Day-Lin says she's one of her greatest supporters. "Family means the world to me," says Day-Lin.

Day-Lin will be attending Lewis-Clark State College in the fall. Her field of study is undetermined at this time, but we're confident she'll make Bayview proud.

Designer Duo

by Sheryl Puckett

If you're ready to move on from mounted animals hanging on your walls or befuddled by your home's aesthetics, you might consider calling Shonda Jasper or Amanda MacDonald. They have teamed up as your local Bayview Designers!

Decorating Den Interiors- Mac Donald Design Team is now an interior decorating and design partnership. They specialize in custom furniture and all things home decor: rugs, lamps, tables, art, window treatments, light fixtures etc. They also love to assist with planning and material selection for remodels and new builds.

Their clients include anyone looking for design advice, new furniture or those remodeling or building new homes.

According to Amanda and Shonda, "Typically we do not charge a design fee when home goods are being purchased. This is something that our clients love! For example, if our client wants to buy a sofa and they purchase it through us, we come in to measure and determine the best style, fabric and color and that is all included with the purchase of that sofa. We also handle all the details from ordering to installation."

They also offer paint consultations, interior and exterior, and general design advice for an hourly fee of \$125/hour. "We find that at the end of these consultations our clients feel relieved and confident with moving forward with making changes to their homes."

Amanda started her business in 2019 and recently hired Shonda on as her design partner. One of Amanda's most recent undertakings has been remodeling her own home which is the former Dromore Bed and Breakfast (AKA "The Pink house"). Shonda went to Harrington College of Design in Chicago and worked under a commercial designer for a number of years.

This is a year round business by appointment only. Contact Amanda Macdonald at 509-991-9046 amanda.macdonald@decoratingden.com or amanda.decoratingden.com

From finding that special accent piece to a full scale make over, let **Decorating Den Interiors** help make your home your castle.

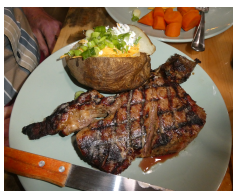

Meat Lovers Paradise

editorial by Sheryl Puckett

I shy away from restaurant reviews. They're really just a matter of taste. And what if the chef is having a bad day or there's a substitute that day. There's too many variables for the restaurant business and I know how hard it is to please others. Line cooks and servers have double duty pleasing

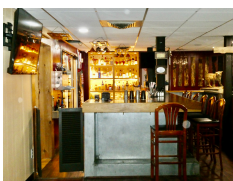

everyone. It's hard work that suffers the judgement of everyone's palate. For this and every other reason, I don't do restaurant reviews but I can't just get the ribeye out of my mind. It literally melted in my mouth and was so tasty. The special barbecue rib sauce was so good, I begged for some extra.

This is a meat lovers extravaganza and if good old American steak is not enough to satisfy your fancy you can go south for alligator or down under for kangaroo.

My server said he tried kangaroo and said it was sweet and tasty. To quote one menu item: Wild Burger your choice is elk, buffalo, alligator, or emu. For those that don't want red meat there's plenty of other choices: halibut, shrimp scampi, fried prawns, fish & chips and four salad options to choose from.

Giorgi's Steakhouse & Martini Bar's owner is Giorgi

Peichev who is originally from Bulgaria. He's not new to the restaurant business, quite the contrary, this is his third restaurant. According to Giorgi, "We are family operated with three open locations with the name Giorgi's: one in Coeur

d'Alene serving breakfast and lunch, one in Rathdrum serving breakfast and lunch too and Athol's serving lunch and dinner. The Athol location has a full liquor license. There's drink specials with fresh ingredients. (I had the huckleberry martini and it was excellent \$8.50)

But if three restaurants aren't enough, there's plans to open Giorgi's Hamburgers in the old Messy's Burgers building in Spirit Lake. According to Giorgi's son, Rob, they're hoping to open by the end of the month

Currently they have seating for 55 and in the future hope to complete an additional conference room with 40 more seats. Hours of operation are 11 a.m. to 8 p.m. Closed on Sunday and Monday. The main phone number for all the restaurants is 208-561-1349, press 3 for Athol. Reservations for six or more people can be taken.

Oh, I forgot to mention the frog leg appetizers on the menu. One Facebook user, Beth Washabaugh posted, "Please have the elk noodle soup!"

There's really too much to cover in this article, you'll just have to go there yourself. It's located in the former White Pine Cafe at 30625 N. Highway 95.

Double Your Flavor, Double Double Your Fun

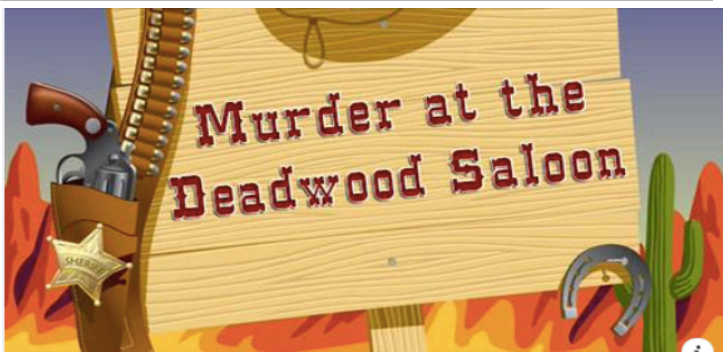

Dollar General store and now a **Dollar Tree** store just miles apart both will be located in Athol. Dollar Tree will be breaking ground in the Athol Crossroads area. Currently Dollar General is open and located on old highway 95. Our community is growing fast.

Both offer basically the same products so what is the difference? According to an Internet search, "The major difference between Dollar Tree and Dollar General is that the former is an actual dollar store, while Dollar General has items that, while inexpensive, cost more than a buck.

New BWSB Board Member

Welcome Ky Chapple to the Bayview Water & Sewer board. Ky filled the last remaining seat **until** President Colleen Dahlseid made a surprise announcement, at the May 19 public meeting, that she was resigning. The board is back to four directors again and seeking a person to fill the spot.
