MAY 2019

Events &
Activities

Mike Kendel for BWSO Board Position #3

Personal History:

- Married to Jill for 45 great years , One son, Michael, (active duty Navy).
- Veteran: 10 years, US Air Force, Honorable Discharge at E-5, SSgt.
- AA – Electronics Bachelor's Degree - Mechanical Engineers, Master's - Material Science & Engineering
- Professional Engineer (Texas #68244) - 2 Patents - Various Engineering & Management jobs
- Several board level positions in Engineering, Civic, and other organizations.

What I believe:

- As citizens, we have a duty to make our communities safe, healthy, and equitable for our fellow citizens.
- To accomplish our shared goals, we must work together.
- We must look not only to the needs of today but also plan for the future.

What I will work for:

- I bring a depth of experience in data and system analysis to the table. I would use this experience to help analyze, understand and improve our system.
- The current board has made huge strides in transparency by making financial and operating information available to the public through meetings and the institution of a web page. However, I feel that this process is not yet complete and, if elected, will work hard with other board members to continue this work.
- Above all, I would work to heal the rift that currently exists between elements of our community and the BWSO Board. This situation is destructive to both our community and to our district's future.

Sooner or later we will have to make our system perform at an acceptable level (adequate pressure, sufficient fire flow volume, etc) for all the district customers. Yes, I am in favor of the Bond proposal. However, if the community decides that this is not what it wants to do at this point, I would still work to make the best of the system we have.

Thank You for your vote on May 21st!

Calvin Nolan for BWSO Board Position #3

Personal History:

I have been happily married to my wife Dawn for 9 years. I raised my family, one daughter and three sons in Coeur d'Alene before moving to Bayview in 2006.

A graduate of Riverside High School in Chattaroy, Washington in 1990, I joined the Marine Corps where I served 5 years before being medically retired. Afterwards I attended North Idaho College law enforcement academy, joined the Coeur d'Alene Police Department, and later transferred to the police department in Rathdrum.

Currently, I'm the water master of the Schaeffer Water system in Bayview. Many know me as a serious fisherman, and the president of the Lake Pend Oreille Anglers Club which was formed out of our group's passion to keep the fishery and the lake healthy.

What I believe:

Keeping Bayview's water healthy and maintenance cost bearable for our community are the most important issues. Setting goals that are manageable and attainable and looking to the future for our children and community are the highest priorities.

I believe in going above and beyond through researching each project and providing that information directly to the community. Not making decisions on just how a few feel is essential to providing service to all.

Being fiscally responsive to the rate payers must be the bottom line. Fiduciary responsibility is first and foremost my responsibility to the rate payers.

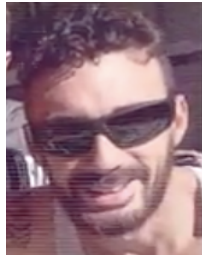

I do not support the current bond. I want a bond that serves the best interest of the today's ratepayers over future development and that does not involve building an elaborate and currently unnecessary system. This would involve doing a proper assessment of our exiting issues and capabilities before signing off.

According to the engineering study, the existing tank is good for at least 25 more years with proper care. First, let's stop the leaks, then ensure everyone gets the best, most cost effective water and sewer system we can afford now and into the future. I will work tirelessly to make the Bayview Water and Sewer Board responsive to the citizens of Bayview.

I'd appreciate your vote on May 21st!

Hook 'em, Reel 'em in, It's a Wrap *by Sheryl Puckett*

The entrepreneurial spirit is growing in Bayview thanks to Chris Remington. At 33 years old, Chris is taking on all the risks and rewards of a business startup to reestablish his Idaho roots. It sounds like a perfect fit for our fishing obsessed village, Remi's Bait and Tackle will be located in the old liquor store building next to the Navy Base.

You may know Chris from Bulletproof Shrink Wrapping which is his primary business. Shrink wrapping is commonly used on boats to protect them from the winter elements by tightly sealing them in plastic. "But any object can be shrunk wrapped," says Chris. Last winter he wrapped over 500 boats.

No new-comer to the area, North Idaho is in his blood. In the early 80's, Chris' Grandparents on his dad's side traveled here from Florida and bought the iconic Pastime Club in Athol. It was there that his parents met. His Grandmother on his mom side is Charlene Soppit, who along with her late husband Jack, ran the Bayview liquor store for 30+ years.

Although Chris was born in St. Petersburg, Florida he's been coming back to Bayview since he was very young. He attended elementary school here, but graduated high school in Florida. He plans on staying in Bayview.

It's his love of fishing that gave him the idea for a tackle shop. "There's not an official tackle shop for 35 miles, Bayview is super busy in the summer and people need fishing tackle, so that's why I decided to do this," says Chris. "We're also renting out paddleboards, kayaks and bicycles, too."

Chris' partner in Remi's Bait and Tackle is his fiancé Denie Mae Guy. His mom, Anne Dupont, who recently ran Highway 54 Roadhouse Liquor & Pizza, will work at the tackle shop too. He doesn't know yet if he'll be open year round, for now it's seasonal. There are future plans for fencing the property and offering small boat storage also.

I'm a 'Jack of all trades'," says Chris. "I'm still a wildland firefighter (something Bayview can appreciate) at Alder Creek Firefighting, a private company in Twisp, Washington. Denie will run the store while I'm away. He added, "I'm fully licensed and insured. I don't run my businesses any other way. The paddle boards and kayaks have their own insurance."

Chris will be renting out vendor spots during Bayview's "Thunder in the Bay" car show and Bayview Daze. Vendors can rent a spot for \$70.00 for a 10x10 area. Parking spots are hard to get during these events so Chris plans on renting out those as well. Remi's Bait and Tackle will be the first business people see when (con't)

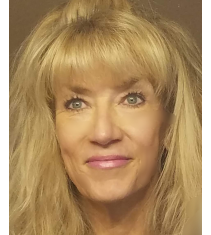

entering Bayview and should set the stage for a real Lake Pend Oreille experience.

To contact Chris for questions about his bait and tackle business, renting a vendor spot, or having your boat wrapped, call 208-446-9327. You can also email him at remisbaitandtackle@gmail.com.

Here's wishing Chris the best of luck. Bayview needs energetic small business owners to provide a variety of services

Meet Council's New Secretary

Lesly Ward answered the call to be the new Bayview Community Council's secretary. Lesly grew up in Wenatchee, Washington, has lived many places, but she moved to Hayden from San Diego in 1999. Her love affair with Bayview and Lake Pend Oreille began when she moored a boat here from 2002 to 2005.

Lesly moved from Hayden to Bayview in March of 2018. While her career pursuits do not currently allow her to spend as much time at home in Bayview as she would like, she loves the community and enjoys spending as much time as possible outdoors enjoying the many recreational opportunities this area provides.

In August of 2017, after spending 16 years with the company, Lesly left a communication and hospitality corporation in Coeur d'Alene where she had served as Vice President of Administration for its 42 locations across seven states. Along with a business partner, Lesly formed Ironclad Strategic, a business consultancy. Together, they provide a wide range of business services.

In addition to Ironclad Strategic, Lesly also owns a residential and commercial cleaning company, Spotless Reputation. Spotless Reputation is currently hiring employees and gearing up for expansion.

Lesly will take over Jan Jones' secretary position at our May meeting.
